University Studies

Malmö Högskola, Malmö, Sweden – K3, School of Arts and Communication

http://www.mah.se/templates/Page_14406.aspx

Interaction Design programme. A three year Bachelor programme, with focus on:

- * Design of digital artifacts such as web pages, games and applications
- * Physical interfaces and “real-world” interaction.
- * An exhaustive research of design theories and concepts
- * Training in the use of design tools and methods
- * Object-oriented programming
- * Training in a variety of software applications and platforms

My focus was here on physical interfaces, with the completion of a prototype hardware interface for music production as my exam project.

1996.09 - 1999.06

Upper Secondary School

Mediagymnasiet, Nacka Strand, Stockholm, Sweden - <http://www.mediagymnasiet.se>
